CERTIFICATE

This is to certify that the Project report entitled “**Quizzi**” being submitted by

YENKAMOLLA ANKITHA	-	20001-CM-003
GADDAPURAM POOJITHA	-	20001-CM-005
BERELLI ANJALI	-	20001-CM-010
THIPIREDDY LIKITHA REDDY	-	20001-CM-051

In total fulfillment of the requirements for the award of [Diploma in Computer Engineering](#), State Board of Technical Education & Training a record of bonafide work carried out by them.

The results presented in this thesis have been verified and are found to be satisfactory. The results embodied in this thesis have not been submitted to any other Board for the award of diploma.

PREFACE

This report covers all information about working of the project and their benefits. In the introduction chapter all the information about the project is given. This chapter also inform about the platform on which the project has been developed

System analysis describes existing system, proposed system according to the needs and the feasibility

System testing informs about the testing module of the system has been tested after testing implementation describes how the user will interact with the system.

In the input/output screen layout input and the output are given which is important to ensure that the result obtained from this project are correct and reliable. The next chapter about the scope of development indicates the benefits of the project.

ACKNOWLEDGEMENT

It is a matter of pleasure of acknowledgement by indebtedness to our teachers and also our well-wishers who have helped us for completion of this project successfully.

We wish to express our sincere gratitude to **Dr. N.RAJESHWARI DEVI** Ph. D. **Principal** for her consistent help and encouragement to complete this project.

We express our deep sense of gratitude to our respected **Dr. J.GOVARDHAN REDDY Ph.D**, incharge head of **Department of Computer Engineering, Government Polytechnic, Masab tank, Hyderabad** who helped us in every step of our project work despite of his busy schedules.

We are most thankful to our guide **Mr. Mohammad Riaz**, Lecturer of **Department of Computer Engineering, Government Polytechnic, Masab tank, Hyderabad** for his valuable guidance and suggestions in analysing and testing throughout the period until the end of our project work.

We want to express our deepest thankfulness to all the individuals and faculty, who helped us a lot in finalizing this project.

Finally, words are not sufficient to express our gratitude to all our friends and family for helping us directly or indirectly in completion of the project.
